To whom it may concern

Scantek Inc. has been a Premium Vendor for IBC for over 20 years. They have assisted us with many Document and Data Management Challenges from Document Scanning and Data Entry, Forms Design and Data Capture, and Data Acquisition. Their immediate Response Time, Turnaround Schedules, High Quality, and Competitive Pricing make them one of my very best Vendors when the need arises. I would recommend them highly if the need for Records/Data Management was needed in any Dept. or Organization. They are a customer focused company that that meets the needs of your business and can be relied on to deliver projects as promised.

Sincerely,

Charles J. Salvatore, CPA
